Ancient Medicine Sciences Of Antiquity

Nutton gives an authoratitive account of ancient medicine. It is fine synthesis of the history, the culture of medicine in the ancient world and some of the arguments and explanations used by the physicians and surgeons of the time. I highly recommend this book.

Ancient Medicine (Sciences of Antiquity): 9780415520959 ...

The first edition of Ancient Medicine was the most complete examination of the medicine of the ancient world for a hundred years. The new edition includes the key discoveries made since the first edition, especially from important texts discovered in recent finds of papyri and manuscripts, making it the most comprehensive and up-to-date survey available.

Imhotep in the 3rd dynasty is sometimes credited with being the founder of ancient Egyptian medicine and with being the original author of the Edwin Smith Papyrus, detailing cures, ailments and anatomical observations. The Edwin Smith Papyrus is regarded as a copy of several earlier works and was written c. 1600 BC.

History of medicine - Wikipedia

The history of medicine is a long and distinguished one, as healers sought to alleviate illnesses and fix injuries since the dawn of humanity. Shamen and pagan priests used a blend of rituals and medical techniques, to cure ailments. Amongst the ritual and magic, they sometimes arrived at a cure that passed into oral tradition and memory.
