Notes on the psychopathology and psychoanalytic treatment ...

Borderline personality disorder (BPD) is still seen in many settings as a chronic disorder. This book details the ways that it is symptomatically a “good prognosis” diagnosis. This is particularly seen in the high rate of remissions of BPD and its constituent symptoms. The rate of suicide is also good news, as it is half the expected rate from four follow-back studies conducted in the 1980s.
