For courses in Principles of Economics. An evidence-based approach to economics. Throughout Economics, 2nd Edition, authors Daron Acemoglu, David Laibson, and John List use real economic questions and data to help readers learn about the world around them. Taking a fresh approach, they use the themes of optimization, equilibrium, and empiricism to not only illustrate the power of simple economic ideas, but also to explain

Business Economics : Andrew Gillespie : 9780199657995

Building upon the success of the first edition, Foundations of Economics is the ideal text for students taking their first course in economics. Assuming no prior knowledge, it introduces students to both microeconomic and macroeconomic principles. Its student-friendly approach is reflected by the topical real-world examples applying theory to practice and the step-by-step explanations of the ...
