Introduction to Biopsychology, 9/e, introduces the study of the biology of behaviour; that is, the neural mechanisms of psychological processes in the central nervous system.

Pinel, Introduction to Biopsychology, Global Edition, 9th ...
Excellent text book and the only one I have ever read cover to cover. I read the 2016 edition. My only criticism is that some sections were lacking in light of more current research (especially the chapter on sleep). The authors were funny and engaging. This is a great introduction to the field of biopsychology.
