Land Reforms in India: History, Objectives and Measures

Land reform is a part of heritage of the country's freedom movement since the agrarian structure that we inherited from the British at the time of independence was of the feudalistic exploitative character. Zamindars- intermediaries- moneylenders played a big role in exploiting the masses.

Land Reforms in India: Objectives, Measures and Impact

The objective of land reform in India is to change the ownership system of land so that small farmers can also have some sort of land so that they can also make some money for their livelihood. Land reforms in India are nothing but taking the ownership of land from rich landlords and giving it back to the poor farmers.
