Trade Law Analysis of EU's Digital Tax Proposal. On 21 March 2018, following months of speculation, the European Commission tabled a paradigm shifting proposal to tax digital companies. It comprises a two-phased approach. First, a long-term overhaul of corporate tax rules replacing the "permanent establishment" rule with a "significant ...

Trade Law Analysis of EU's Digital Tax Proposal - Linklaters

Linklaters is still one of the best and most profitable law firms on the planet, and it can afford to throw money at problems like this. For many former partners and others with an interest in Linklaters' real estate practice, the main complaint is not what Linklaters has done with its real estate practice, but the way it was done.

Platypus: UK Merger Control Analysis. Like the duck-billed egg-laying mammal that is the platypus (ornithorhynchus paradoxus), the UK's unique merger control regime confounds neat classification. A voluntary regime for sellers - that isn't voluntary for buyers - with a proverbial "light-touch" approach... that can sometimes be the world's most lethal.

Platypus: UK Merger Control Analysis - Linklaters

Now, we've collaborated with the leading global law firm Linklaters to analyze how the Committed Settlement would work under existing UK law. Linklaters just published a report that considers the key issues from an English law perspective. When developing the technical details of Committed Settlement, our guiding principle is that technology should support the existing legal frameworks governing business transactions and exchanges of value.
