Climbing in Malta is awesome. Apart from the fact that locals refer to the island as 'the rock', there are many outdoor routes offering different climbing scenarios and spectacular views. Actually, despite being much smaller, Gozo has as many climbing routes as Malta, if not more.

Get a grip: discover the best rock-climbing on the Maltese ...

Malta itself has more variety but less unity and charm than Gozo in its architecture. The are only 3 types or rock on the island, the main ones being a limestone full of holes used for the construction of the megalithic temples (but not much else due to its inner weaknesses) and the yellow sandstone used for most other constructions.
