Women And Enlightenment In Eighteenth

"Karen O'Brien offers an impressively broad and detailed analysis of how ideas about the role of women in society and history were articulated and modified throughout the eighteenth century. This study is refreshing, both in recognizing the complexity of Enlightenment engagements with 'the woman question' and in integrating women's own contributions to the discussion into its overarching narrative."

Women and Enlightenment in Eighteenth-Century Britain, by ...

in eighteenth-century Britain. The book ends in the early nineteenth century when women writers themselves sought to profit from the Enlightenment interest in their historical role and influence by writing works of historical biography and art history.

Women and Enlightenment in Eighteenth-Century Britain

Throughout the 18th century the salon served as a matrix for Enlightenment ideals. Women were important in this capacity because they took on the role of salonnières. Salons of France were assembled by a small number of elite women who were concerned with education and promoting philosophies of the Enlightenment.

Women in the Enlightenment - Wikipedia

Age of Enlightenment: Mary Wollstonecraft was an English writer, philosopher, and advocate of women's rights. While the philosophy of the Enlightenment was dominated by men, the question of women's rights appeared as one of the most controversial ideas.

Age Of Enlightenment Women's Rights

the Enlightenment, while defending the democratic principles of equality, believed that these principles should be applied only to their own gender and their own race. The idea of enlightened reason excluded women because of what was seen by many as their innate feminine characteristics, which were viewed as inferior, weak and childlike.
